ABOUT ME

Motivated and conscientious individual, passionate about creating incredible front-end experiences. Interested in creating functional high-performing, content-driven, optimized websites and web applications.

EXPERIENCE

SPECIALMAN GLOBAL SOLUTION

Bootcamp: Frontend Developer

Feb 2023 - April 2023

- Created basic functional software using HTML, CSS, JavaScript and Vuejs.
- Worked on multiple projects to develop my technical skills.
- Learned Vuejs, Postman, Axios and Tailwindcss to enhance my frontend skills.
- Collaborated with my colleagues in other tracks; product, ui/ux, backend on a team project.

HEALTH4EVERYONE

Frontend Developer Intern

Jan 2021 - June 2021

- Implemented basic functional software using HTML, CSS and JavaScript.
- Worked flexibly across multiple projects and tasks.
- Developed my frontend skills while working on exciting, ongoing and new projects.
- Collaborated with product team members to implement new feature developments.
- Learned new technologies and adopted new tools quickly to maximize performance and contribution.
